Commissioner Woods Begins
Reorganization of Department
on Efficiency Plan.

By the reduction in rank of Inspector Wakefield to captain, the promotion of Capt. Frank A. Tierney to be an inspector and a rearrangement of assignments Police Commissioner Woods put into effect today a reorganization of the department toward which he has been working since he became Commissioner. The change was more extensive than any he has made during his term of office.

The starting point of the shake-up was the reduction in rank of Inspector Wakefield and sending him to the Bathgate Avenue Station as a captain. Not long ago an Evening World reporter, in three hours and without previous acquaintance in the neighborhood, walked into Jacob Lubin's Flower and Feather Club, in Lower Ninth Avenue, and made bets on the races and saw stud poker played. Wakefield, with all his resources, had not even reported the place as one open to suspicion. Reports from other parts of the district indicated to the Commissioner that Wakefield lacked the force which would impel him to maintain law-abiding conditions.

In Wakefield's place the Commissioner has put Inspector Dwyer, the rough and ready "clean up man," who is proud of the hatred with which he has come to be regarded by the men and women he has been hammering away at in the district from Forty-second Street to One Hundred and Tenth Street on the west side.

Into Dwyer's district has gone Inspector John Daly from the Brooklyn Tenderloin, where he has been, in the Commissioner's opinion, highly efficient though not in the least spectacular.

Over into Daly's place in Brooklyn goes Frank Tierney, newly made an inspector, from Williamsburg. Tierney has been under test by Commissioner Woods for months.

Capt. Boettler, acting inspector, has been put in Williamsburg to have the same chance to show his quality as was enjoyed by Tierney. As Captain of the West Thirty-seventh Street Station, J. F. Conboy attracted the attention of the Commissioner by the way in which he systematically drove out the drug fiends and the gangsters which had made it a worry for years. Conboy did not stop at driving out the tenants of

houses which were a nuisance; he got hold of the landlord and made him responsible for the good character of the house thereafter.

Capt. Conboy takes charge as acting inspector of the suburban district of Queens, formerly in command of Hunter. Capt. Meade, a comparatively new captain, was moved from Madison Avenue to West Thirty-seventh Street, because the Commissioner found him displaying in a small residential precinct the same qualities which led to Conboy's promotion.

MINNEAPOLIS STAYS "WET."

"Wet" Re-elected to Election by 5,000 Majority.

MINNEAPOLIS, Minn., Oct. 5.—The county election results in this city-ship county yesterday were won by the "wet" by a majority of about 5,000, according to virtually complete returns today. At the tabulating of the "dry" it was said the struggle to oust the 400 saloons in Minneapolis had not been given up—only deferred.

According to the Local Option Law passed by the last State Legislature the prohibitionists can petition for another election in three years.
